

Diveryo Partner Agreement

This agreement is between **CSG OPCO LIMITED** (company no. 16714295, England and Wales), trading as Diveryo, of 71-75 Shelton Street, Covent Garden, London WC2H 9JQ, UK, and:

Partner legal name:

Address:

(the "Partner").

1. What you do

Recommend Diveryo and display its poster where practical. Eligible new users who enter your code get **1 month free**. The app explains renewal prices and cancellation.

2. What Diveryo pays

Commission is based on **net revenue**: subscription money Diveryo receives from Apple or Google after store fees, sales taxes, refunds and chargebacks.

- **Subscribers 1 to 49:** you receive **50%** of their net revenue.
- **Subscriber 50 onwards:** you receive **100%** of their net revenue. The first 49 stay at 50%.

A subscriber counts when their first payment is received and your code was used before payment. Trials and duplicate or refunded accounts do not count. Cancellations do not reset the numbering.

Commission continues while each referred subscription keeps paying, even after this agreement ends, except for referrals gained through fraud or serious misuse.

3. Partner pool

At **100 active paying referrals at month-end**, you also qualify for that month's pool while this agreement is active.

The pool is **50% of Diveryo's total net subscription revenue left after all referral commissions**. It is shared equally between qualifying partners. No qualifying partners means no pool that month. This gives no shares, ownership or control.

4. Payments

- Monthly statement and payment by the end of the next month, once Apple or Google has paid Diveryo.
- Minimum **GBP 50**; smaller amounts roll over. Final balances are paid within 60 days after commission ends and store funds arrive.
- Paid by bank transfer or Wise. Provide payment details and legally required documents. You pay your taxes and receiving-bank fees. Statements show currency conversion.
- Refunds and overpayments are deducted or repaid. Required tax may be withheld. Payments must be lawful.

5. Fair promotion

- No fake accounts, self-referrals, spam, false claims, bribery or paid ads on the Diveryo name. Disclose your commission; follow local laws and platform rules.
- Use branding only to promote Diveryo. You cannot make commitments for Diveryo. Statements contain no users' personal data.
- Diveryo may suspend codes to investigate misuse. Proven misuse earns no commission; undisputed earnings remain payable.

6. Duration

- Starts when both sides accept. Runs for **12 months**, then renews monthly. First 3 months: either side can leave on **7 days' notice**. Afterwards: **30 days' notice**, ending no earlier than month 12.
- Either side may end it for serious breach; allow 14 days to fix a fixable breach. Notices: email or WhatsApp.
- On ending, stop new referrals and branding use. Existing commission continues; pool eligibility ends. Financial changes need mutual written agreement.

7. Simple legal terms

You are independent, responsible for your services and permits, not an employee or agent. No earnings or uninterrupted service are guaranteed. Neither side is liable for indirect losses. Liability is capped at the higher of GBP 1,000 or partner payments paid or due in the previous 12 months, excluding amounts owed, fraud and liability that cannot legally be limited. England and Wales law and courts apply, subject to mandatory local laws. This is the whole referral agreement.

Sign below or both accept this version by email / WhatsApp with full names. Signers must be adults and authorised. Starts on the later acceptance date.
